Creating Your Own Bestie Book Quiz

Creating a bestie book quiz can be an enjoyable experience that allows you to get creative while also learning about each other's reading preferences. Here are some steps to guide you through the process.

Step 1: Choose Your Format

Decide whether your quiz will be multiple-choice, true or false, or open-ended questions. Each format has its advantages. Multiple-choice can be easier to score, while open-ended questions might lead to more in-depth discussions.

Step 2: Select Themes

Think about which themes you want to include. Some popular options are:

- Favorite book genres
- Favorite authors
- Memorable book quotes
- Book adaptations in movies or TV shows

Choosing a specific theme can make the quiz more focused and engaging.

Step 3: Write Your Questions

Craft questions that are thought-provoking and fun. Here are a few examples:

- Which book character do you relate to the most?
- If you could live in any book world, which would it be?
- What's the most recent book you couldn't put down?

Make sure the questions vary in difficulty to keep it interesting.

Step 4: Test the Quiz

Before hosting the quiz, test it with a couple of friends or family members. This will help you identify any confusing questions and ensure that the quiz flows smoothly.
