Created by writer Fabian Nicieza and artist Rob Liefeld, Deadpool first appeared in "The New Mutants" 98 in 1991. His character is often described as the "Merc with a Mouth," and he is known for breaking the fourth wall, making him a beloved figure among comic book readers.

Backstory and Origin

Wade Wilson was a former special forces operative who turned to a life of mercenary work. His life took a tragic turn when he was diagnosed with

Additionally, Deadpool possesses enhanced agility, reflexes, and strength, making him a formidable combatant.

What truly sets Deadpool apart is his unpredictability and irreverent humor. He often employs unconventional tactics in battle, using his wit to distract opponents and gain the upper hand.
